written by leading international scholars twentieth century britain investigates key moments

themes and identities in the past century engaging with cutting edge research and debate the essays in the volume combine discussion of the major issues currently preoccupying historians of the twentieth century with clear guidance on new directions in the theories and methodologies of modern british social cultural and economic history divided into three the first section of the book addresses key concepts historians use to think about the century notably class gender and national identity organised chronologically the book then explores topical thematic issues such as multicultural britain religion and citizenship representing changes in the field some chapters represent more recent fields of historical inquiry such as modernity and sexuality

a chronological compilation of twentieth century world events in one volume from the acclaimed historian and biographer of winston s churchill the twentieth century has been one of the most unique in human history it has seen the rise of some of humanity s most important advances to date as well as many of its most violent and terrifying wars this is a condensed version of renowned historian martin gilbert s masterful examination of the century s history offering the highlights of a three volume work that covers more than three thousand pages from the invention of aviation to the rise of the internet and from events and cataclysmic changes in europe to those in asia africa and north america martin examines art literature war religion life and death and celebration and renewal across the globe and throughout this turbulent and astonishing century

iran is now at the center of political and social developments in the middle east this book examines the reform of the judicial system in 20th century iran and is the first to relate state building process with rule of law promotion and judicial reform in the region this subject occupies the critical juncture of three developments in the contemporary study of iranian society as an important and early case of social revolution and reform in the middle east the state building process in a non western country throughout the 20th century the incorporation of a non western muslim country into the western legal framework through codification and transplantation 1911 1979 and the islamicization process after this critical social development and the islamic revolution of 1979 this exceptional study furthers our understanding of iranian modern history as well as the democratization process human rights and rule of law issues in the middle east

covers major events and discoveries of the twentieth century in chronological sequence

illustrated accounts of momentous events that have affected the lives of thousands of people take note of scientific and technological advances major historical incidents developments in the arts great personalities and widespread fads and fashions

the 20th century brought revolutionary changes to our world and our lives the human population of the world tripled space travel became reality two world wars and a host of other conflicts were fought and huge advances in science technology and communication resulted in the globalised world we know today enormous steps were made in wiping out widespread discrimination from the women s suffrage movement leading to women s right to vote in western countries to the civil rights movement in the us challenging racial segregation the political landscape has provided lots of excitement with charismatic and scandalous presidents in the white house the first female prime minister in the uk dictators working to various manifestoes across the world the middle east conflict and the changing balance of political and economic superpowers technological advances have resulted in nigh on universal adoption and dependence on automobiles computers mobiles and other wireless technology the exponential rate at which technology is evolving is one of the variables that make the twentieth century so fascinating all this and much much more happened in a mere one hundred years where did we find the time to do so much twentieth century history for dummies tells all

this book provides the first attempt to measure european business performance over the twentieth century the book s findings confirm and inform widely held assumptions regarding business performance regarding strategy and structure ownership and control old and new industries emerging and advanced economies

during the twentieth century medicine has been radically transformed and powerfully transformative in 1900 western medicine was important to philanthropy and public health but it was marginal to the state the industrial economy and the welfare of most individuals it is now central to these aspects of life our prospects seem increasingly dependent on the progress of bio medical sciences and genetic technologies which promise to reshape future generations the editors of medicine in the twentieth century have commissioned over forty authoritative essays written by historical specialists but intended for general audiences some concentrate on the political economy of medicine and health as it changed from period to period and varied between countries others focus on understandings of the body and a third set of essays explores transformations in some of the theatres of medicine and the changing

experiences of different categories of practitioners and patients

reference guide to twentieth century history with over 275 photographs
